“In 2017-2018, the Studio taught 205 classes across campus that reached 3537 students. Of those, 18 were specifically for the department of Health and Human Performance as part of an ongoing collaboration with HHP 3620: Psychology of Sport and Exercise and HHP 4220: Principles of Health Behavior Change, in which the students produce short PSAs and instructional videos. 596 students attended these classes. The Studio also conducted 114 one-on-one appointments, of which one was an instructional design reflection with the professor who teaches the classes mentioned above.” Health and Human Performance Accreditation Report 2018
